Welcome to Sushi Corner

It's fantastic that we can host you. We hope your visit will be a great new and positive experience. If this is your "first sushi", we are all more than happy that you want to discover it with us.

If you do not know how to use chopsticks, let our staff know and they will give you a beginner-friendly version or show you the ropes. We also love and recommend eating whole pieces with your hands.

If you have doubts, looking for something outside the menu or have a special request - let the staff know. We will be happy to help.

We encourage you to choose individual items from the menu, we recommend 3-4 rolls per person.

Don't forget to let us know how you liked your visit, we value every opinion and hope to see you more than once.

Beverages
